In particular, to the inclusion of renewables within the development as per Policy 1 NANDP and given the rise in electric vehicles, that any such application with an off-street parking space, consider the installation of an electrical vehicle charging point as per Policy 2 NANDP. Reserved Matters application (appearance, landscaping, layout and scale) for the construction of 88 dwellings including 20% affordable housing, landscaping, public open space and associated site infrastructure; pursuant to Outline Planning Permission 19/00238/MAJ.

OBSERVATIONS:-

- As well as the valid comments submitted by Abbotskerswell Parish Council, water harvesting provision should be implemented;
- Teignbridge District Council could consider a deal whereby the Community Infrastructure Levy monies be split between Abbotskerswell Parish Council and Newton Abbot Town Council, in light of how much the residents of the scheme would be using Newton Abbot amenities;
- The scheme does not meet the TDC Local Plan target of 5% of plots on sites of 20 dwellings or more to be serviced and marketed to custom or self-builders.
