How will you publicise the Newton Abbot Town Council grant?

(Please note it is mandatory as part of the grant award conditions, to supply all press releases concerning the grant to Newton Abbot Town Council for us to share on our social media platforms).

The grant award will be published on the group's Facebook page, and shared to the wider Hele Park community

How will the funds be spent? How will it benefit the people of Newton Abbot?

The Wombles of Hele Park Common are seeking a grant towards the cost of installing a second litter picking station within the Hele Park community in Newton Abbot. The first litter picking station is located on Primrose Drive. Local people are encouraged to borrow the equipment, and spend a short time litter picking in local streets and green spaces. They then return the equipment and dispose of the litter collected responsibly.

The second station would be located at The Hele Park Fresh Farm Milk shed (postcode TQ126JN). This milk shed provides fresh milk and milkshakes to the Hele Park community. The litter issues don't stem from the shed itself – the owners do an excellent job of keeping the shed clean and tidy. The proposed venue has become a place for the community to meet, and it therefore presents an opportunity to use the milk shed as somewhere to locate the litter picking station. People will undertake litter picks in the adjacent public park.

The litter picking equipment and signage is provided by the 2 Minute Foundation, a not for profit company who specialize in encouraging people to spend 2 minutes cleaning up their community (www.2minute.org).

(You can continue on an extra sheet if you wish to)

Sustainability Plan

Tell us how the project will continue once the grant has been spent.

This is a fixed set of litter picking equipment which will remain in place. If it is broken or stolen, then the community will seek grants to replace it.
