463. **CONSIDERATION OF LOCAL PLAN & NEIGHBOURHOOD DEVELOPMENT PLAN**

The Committee reaffirmed their recommendation that applications for all new build properties and where appropriate refurbished sites, give regard to the policies included in the Newton Abbot Neighbourhood Development Plan 2016-2033 (NANDP) which contributes to the District Local Plan. In particular, to the inclusion of renewables within the development as per Policy 1 NANDP and given the rise in electric vehicles, that any such application with an off-street parking space, consider the installation of an electrical vehicle charging point as per Policy 2 NANDP. In addition, the Committee recommended that new build properties should include provision for a sustainable heating system given the Government's intention to cease the use of mains gas central heating from 2025.

464. **PLANNING APPLICATIONS**

26/00524/HOU  
10 Laurie Avenue Newton Abbot Devon TQ12 1NW

Two storey side extension and single storey extensions to front and rear.

**RECOMMENDATION:** In principle, Members raised no objection to the proposed development. However, concerns were expressed regarding the potential overdevelopment of the site. Members also emphasised that any additional accommodation created should remain ancillary to the main dwelling and not be used as a separate unit of accommodation.

26/00433/FUL

114 Ashburton Road Newton Abbot Devon TQ12 1RJ

Change of use of garage/outbuilding to a specialised pet care business (cattery)

**RECOMMENDATION:** Members object to the proposed development. Concerns were raised regarding the introduction of a commercial cattery use within a predominantly residential area, which may result in increased noise, disturbance, and potential impact on neighbouring amenity.

*Cllr M Joyce abstained from voting.*

26/00627/TPO

38 The Churchills Newton Abbot TQ12 1QN

Oak (T1) - crown lift canopy by removing lowest primary branch (approx 120mm in diameter) and 2 secondary branches

**RECOMMENDATION:** Members noted that the removal of a primary branch from a mature oak constitutes a significant structural alteration. The application lacks sufficient detail and provides inadequate justification for the works. Furthermore, no supporting evidence has been submitted to demonstrate that the tree has been professionally assessed by a qualified arborist.

Members consider that, without further detailed information—including a professional assessment of the tree and the potential impact of the proposed works on its health and structural integrity—they are unable to make an informed judgement and would not support the proposal in its current form.

26/00530/HOU

Rose Cottage Laburnum Road Newton Abbot Devon TQ12 4LH

**RECOMMENDATION:** No objection
