51	Mill Ford	15	Ogwell Mill Rd to Ogwell FP10

\* Part of Templer Way (only part of FP31)

Length of the footpath in metres

### NEWTON ABBOT FOOTPATHS

The Town Council took up the suggestion to *name its* FPs (footpaths) to identify their locations, rather than having to remember a list of numbers.

The names chosen, (through consultation with such groups as the Ramblers Association), reflect historical names or readily identify with current road names or other features.

There are 51 numbered Public Rights of Way (PROW) footpaths within the Parish of Newton Abbot; (numbers 41 & 43 are no longer designated, and numbers 11, 28, 30, 45 & 46 are no longer in use).

The plan of the town centre area shows all those paths save for the western extension of *Lemon Valley*, and three paths to the north of the parish around Stover, namely *Staplehill Copse*, *Ash Hill Copse* and *Moorlands Copse* (FPs 12 to 14).

Those paths within the parish boundary often continue into a neighbouring parish. (The sections within Newton Abbot parish are coloured blue).

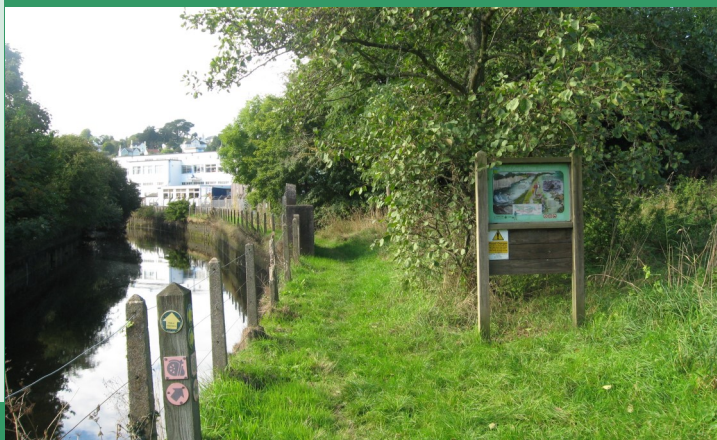

*Mill Ford* at 15meters is the shortest path; *Haccombe Byway* at 20m being the next shortest the remaining 630m of that Byway being within the parish of Haccombe with Coombe.

The longest path at 4020m (2 ½ miles) is *Lemon Valley* (FP 9) which runs from the junction with *Steppes Meadow* to Chercombe Bridge, Morley Bridge, Holbeam Dam and on to Oaklands farm on the Ashburton Road.

Please feel free to make any comments on the map or observations on any problems met with on the paths such as signs missing, broken gates etc, to:

**Newton Abbot Town Council, Newton's Place,  
43 Wolborough Street, Newton Abbot, TQ12 1JQ.  
Tel: 01626 201120 Email: [info@newtonabbot-tc.gov.uk](mailto:info@newtonabbot-tc.gov.uk)**

Happy rambling!
